

ARMY BILL IS SHOT AT FROM AMBUSH

PROVISIONS CAUSE SHARP AND STORMY DEBATE IN HOUSE

Would Provide For Withdrawal Of Troops From Germany --Chairman Kahn Attacks Section Reducing Army To 168,000--Should Be At Least 175,000.

(By The Associated Press)
WASHINGTON, April 29.—The army appropriation bill was shot at from ambush and the open during a sharp and stormy five hour fight in the house today on some of its provisions, especially one which was admitted to mean early withdrawal of American troops from Germany, regardless of action on the Knox peace resolution.

Representative Garrett, Tennessee, acting Democratic leader, introduced a resolution requesting President Harding to inform congress whether he intended to order the troops home immediately upon the passage of the Knox peace resolution and the house cooled down after Chairman Kahn of the military affairs committee, had attacked the bill because of the section fixing the enlisted force at 168,000. Mr. Kahn declared that with the world in turmoil the total was too small. His amendment increasing the number to 175,000 however, was not reached.

Asked pointedly by Mr. Garrett whether he meant that an amendment would be offered directing the President to withdraw troops from Germany, Chairman Anthony, of the sub-committee on appropriations in charge of the bill declared he had not heard of it.

Must Withdraw Troops.

"But if the secretary of war administers this bill as written," Mr. Anthony added, "he will be forced to withdraw the troops from Germany and decrease other forces outside our territorial limits."

This started the fight. Mr. Garrett wanted to know from Republican leaders what the President would do.

"Go ask him," a member shouted.

After the discussion had been sheered away from troops in Germany, it was shifted back again from the Republican side, with Mr. Garrett leading a hot cross-fire exchange with half a dozen members breaking in at once. The peace question bobbed up again while Chairman Kahn was pleading for his amendment to increase the appropriation set aside for the army intelligence service.

Mr. Kahn declared the secretary of war had urged a larger appropriation and there were demands to know if the secretary had based his plea upon early passage of the Knox resolution. The senate rejected the Kahn amendment, leaving the total about \$100,000 less than requested.

Being in a fighting mood, the house dragged in prohibition by the heels, and heard it described by Representative Hill, Republican, Maryland, as "the bill so dear to the hearts of the people, and unpopularity known by its real name as the Volstead act."

After Mr. Mondell had broken up the debate, the reading clerk waded thru ten of the eighty six pages of the bill and the house got tired and quit.

FASCISTI SEIZE FIUME WEDNESDAY

(By The Associated Press)
ROME, April 29.—The seizure of the administration at Fiume Wednesday night, following the complications over the elections of last Sunday, was effected by Fascisti from Trieste, former supporters of Gabriele d'Annunzio. They proclaimed a dictatorship. Laborers were ordered to return to work under the threat of serious consequences, and it was declared that whoever disobeyed the orders of the dictatorship would be subject to the death penalty.

Proclamations were made public announcing the formation of "the exceptional government of Fiume, Italy, following the insurrectionary movement undertaken by the Fiume Fascisti."

SPIRITED DEBATE MARKS PROGRESS OF KNOX RESOLUTION

Reed Says Hoover Interested in British Enterprises

(By The Associated Press)
WASHINGTON, April 29.—In spirited debate the senate today proceeded toward the vote on the Knox peace resolution arranged for late tomorrow, with friends and foes conceding its adoption.

Opponents of the resolution predominated again in today's discussion, which also developed a break in the Democratic ranks when Senator Reed of Missouri, made a lengthy address supporting the plan. It was attacked by Senator Hitchcock of Nebraska, senior Democrat on the foreign relations committee; McKellar, Democrat, Tennessee; Robinson, Democrat, Arkansas, and supported by Senators Borah, Idaho; Kellogg, Minnesota; McCormick, Illinois, and other Republicans.

Senator Pomerene, Democrat, Ohio, filed a minority report, signed by all present Democratic members of the foreign relations committee, predicting that the resolution would "prove a disappointment" and asserting it was an attempt to "usurp" the President's treaty making powers.

In the final debate tomorrow, Senator Lodge, Republican leader, and Senator Borah and McCormick are to speak for the resolution. Senator Knox is absent from Washington and is not expected to be present for tomorrow's roll call.

The vote will follow presentation of substitute resolutions by Senators King, Democrat, Utah, and France, Republican, Maryland, and possibly Senator Sterling, Republican, South Dakota, on the subject of German reparations.

Its opponents emphasized that the Knox resolution would interfere with present German reparations negotiations.

Measure Inopportune
Senator Hitchcock declared the measure "inopportune." He charged that Republicans, by failing to speak in support of the measure, were in "a conspiracy of silence" and were attempting to "flout" the President by dictating terms for a settlement with Germany.

Senator Reed, Republican, Utah, charged that Mr. Harding has "invited" adoption of the resolution. That the Harding administration, by its reparations negotiations, had given "aid and comfort" to Germany was asserted by Senator McKellar, who declared Germany herself could not have picked a more opportune time for action on the Knox measure.

Senator France said his substitute, which proposes a world conference to agree upon a peace based on American standards and deals with humanitarian and sociological questions, was preferable.

Declaring the resolution would open up foreign trade, Senator Reed criticized Secretary Hughes stand against re-opening trade with Germany. "From that high and almost sacred authority, Mr. Hoover, and was 'ridiculous and puerile.'"

"No greater service can be rendered Great Britain," Senator Reed continued, "than to permit her to occupy the Russian field alone and to have a cabinet of fear who will not permit us to trade."

Makes Charges Against Hoover
Secretary Hoover, Mr. Reed said, is interested in many British enterprises.

In the minority report, it was contended that enactment of the resolution would remove all war restrictions on trade between the United States and Germany with a decided benefit to the latter; give the United States no compensating return as the result of the war; leave Germany in possession of all American property seized by her during the war; make it impossible under the resolution to "either persuade or compel" Germany to reciprocate by similar legislation and "leave all other matters to be hereafter adjusted according to Germany's own sweet will."

"We conclude," the report said, "that if the administration is not willing to ratify the Versailles treaty with such reservations, as will secure to the United States and its nationals all rights and privileges provided for them under that treaty, then we suggest that before this resolution is passed we request the President to enter into communication with the German government and negotiate a treaty by which it will agree to adjust all differences fairly to it, ourselves, and our associates and allies, along the lines set out in the pending resolution."

STILL HAS HOPES FOR SETTLEMENT OF CONTROVERSY

Believed That Allies and Germany Can Get Together

(By The Associated Press)
WASHINGTON, April 29.—The American government still is hopeful that the reparations controversy between Germany and the allies can be settled by discussion. This was learned authoritatively tonight, after the situation had been finally rejected by President Harding and his cabinet and Secretary Hughes and Jules Jusserand, French ambassador, and Senator Ricci, the Italian ambassador.

Upon what administration officials based their hopefulness was not disclosed, but it was known that neither Great Britain nor Italy had finally rejected as a basis for possible discussion the German offer.

France and Belgium were understood to hold that the proposals as such were not acceptable, but apparently their informal replies to Mr. Hughes on the reparations questions were of such a character as to cause officials to believe that the door had not been closed to further consideration of a settlement by discussion.

The impression gained ground that the next formal move would await the outcome of the meeting at London tomorrow of the allied supreme council.

Has Made No Request

It was made known officially that the American government had not communicated to Germany any request for a modification of the proposals and that Germany had not approached this government with any offer of modification.

State department officers refused to say today whether the United States would have an official observer at the meeting of the supreme council.

The situation with which the United States is faced in the role in which it finds itself is recognized as a delicate one. It is emphasized again that the United States is in no sense acting as an agent of Germany; that it is acting purely as an associate and friend of the allied governments, its former associates in the war against the common enemy.

WILLIAM DALTON PLACED ON TRIAL FOR BOND THIEF

Youth Charged With Absconding With Nearly Million in Bonds

(By The Associated Press)
CHICAGO, April 29.—The jury which is to try William Dalton, 16, charged with embezzlement of bonds valued at approximately \$772,000 from the Northern Trust Company, where he was employed, was completed today.

The first evidence was the little black bag in which it was charged Dalton carried the bonds from the bank and in which they were found after he had been captured a few days later near Bloomington, Ill.

H. O. Edmonds, vice president of the bank, testified that Dalton's salary was \$65 a month. Fred B. Capon of Bloomington, told how he had taken care of the bonds after the capture of Dalton, and caused some amusement when he said he had locked them in a cell in Bloomington, so they would be safe until the arrival of the Chicago bankers.

HEARINGS BEING HELD ON FUTURES MEASURE

(By The Associated Press)
WASHINGTON, April 29.—Hearings on bills proposing regulation of future grain exchanges were closed today by the house agriculture committee, which voted to begin consideration of various bills at once.

J. M. Russell, vice president of the Kansas City Board of Trade, a witness today, endorsed the principles of the Tinchin bill to eliminate trading in indemnities and for records of all transactions to be held in seal and under confidence for inspection by government authorities.

He said this would eliminate to a large extent the "incompetent" speculators.

STANDARD OIL IS NEGRO SENTENCED TO BARRED FROM OIL PRISON TAKEN FROM FIELDS IN SUMATRA SHERIFF AND HANGED

Dutch Parliament Takes Action in Matter Friday

(By The Associated Press)
THE HAGUE, April 29.—The second chamber of parliament today by a vote of 49 to 30, adopted the Djambi oil field bill, thus barring the bid of the Standard Oil Company for a concession in the Sumatra oil region.

The bill provides for the exploitation of the valuable oil lands for a period of 55 years by a combination of the Dutch Indian government and the Batavia Oil Company, the latter belonging to the Shell group. The capital of 10,000,000 guilders will be equally divided, but the company will be under control of the Dutch government. The board of directors must all be Dutchmen.

Washington, April 29.—"The solution of the future oil problems throughout the world," lies in the application of the principle of equal opportunity for the nationals of all countries, the state department says in a note transmitted April 10 to the foreign office of The Netherlands, and made public today.

The note referred especially to conditions in the Djambi fields in the Netherlands East Indies and said that "responsible and experienced American interests are ready to cooperate with the Netherlands government" in oil developments there.

In transmitting the note, William Phillips, the American minister at The Hague, said: "My government find no alternative than the adoption of the principle of equally good opportunity with the proviso that no foreign capital may operate in public lands unless its government accords similar or like privileges to American citizens."

Partial Text of Note.

The note as made public at the state department, said in part:

"Excellency, during the last twelve months I have on several occasions presented the very great interest of my government in the participation by American capital in the development of the mineral oil deposits of the Netherlands East Indies. On every occasion I have sought to impress upon the government of the Netherlands that the real interest of the government of the United States in these matters lies in the recognition of the principle of mutual or reciprocal accessibility to vital and natural resources by the nationals of the United States and by those of foreign countries, and the belief that the recognition of the principle of equal opportunity is the solution of the future oil problems."

I have pointed out that the United States has for years carried a burden of supplying a large part of the petroleum consumed by other countries, and that the petroleum resources of no other country have been so heavily drawn upon to meet foreign needs as the petroleum resources of the United States. I have pointed out that in the future ample supplies of petroleum have become indispensable to the life and prosperity of my country as a whole, because of the fact that the United States is an industrial nation in which distance renders transportation difficult and agriculture depends largely on labor saving devices using petroleum products."

"During January, 1921, I again had opportunity to discuss the situation with your excellency and on this occasion I advised you that in my interviews with the minister of the colonies I had gained the impression that the colonial department was inclined to favor the participation of American capital in the development of the Djambi fields. I asked whether the attitude of the minister of colonies represented in fact that of her majesty's government. You will recollect that in January 31 you were good enough to advise me that my impressions had been accurately reported. I have the honor to inform your excellency that I have received a telegram from the secretary of state to the effect that the United States is mindful of the assurances given by you and by the minister of colonies relative to the favorable attitude of her majesty's government towards American participation in the development of the Djambi fields."

Mob Takes Roy Hammonds at Bowling Green, Mo., and Hang Him to Tree—Also Takes Sheriff and Keeps Him in Custody for an Hour—Victim Pleaded Guilty

(By The Associated Press)
BOWLING GREEN, Mo., April 29.—Roy Hammonds, a 19 year old negro, under ten year penitentiary sentence for attempted assault on a 14 year old white girl, was hanged to a tree on the Bowling Green road, 2 miles west, shortly before 8 o'clock tonight by a mob, which broke into the office of the railroad station here and overpowered Sheriff Moore and six deputies in charge of the negro, who was on his way to prison.

After taking Hammonds, several members of the mob took charge of the sheriff, holding him prisoner for more than an hour.

About 200 men and boys were in the mob, none of whose members were masked. Few arms were visible.

After the sheriff and his deputies had been overpowered Moore urged that the law be allowed to take its course but his request had no effect.

The crime was committed late Wednesday night and Hammonds, arrested this morning, confessed and on his plea of guilty in circuit court this afternoon was sentenced to ten years in the penitentiary.

ITALY IN ENTIRE ACCORD WITH U. S. ON YAP QUESTION

So Says in Note Received by Secretary of State Hughes

(By The Associated Press)
WASHINGTON, April 30.—Italy is in entire accord with the United States with respect to Yap and other former German overseas possessions, it says in a note handed Secretary Hughes today by Ambassador Ricci. The communication is in reply to the note sent to Italy on April 5th, when similar notes were dispatched to Great Britain, France and Japan.

Declaring that Italy had seconded the Anglo-French proposal which confided the study of the Yap question to the juridical committee and the conference of ambassadors, the note says Italy "now expects that the conference will pronounce itself with equanimity in such a way as to eliminate every possibility of disagreement and to conciliate all conflicting interests."

Moral Policies Agree.
The Italian government also says that it is "particularly glad" whenever the moral policies of the two governments and their material interests agree in such a way as to enable them to cooperate toward the attainment of common end—realization of an era of serene peace and prosperity for the civilized world."

The Italian reply is the first complete one received by the United States from any of the four governments addressed. France has made a preliminary answer, however, in which she said that at the meeting of the supreme council next month she would broach the examination of the Yap question "with the greatest desire to find a solution which will give every satisfaction to the United States."

ADAMS TO SUCCEED HAYS AS CHAIRMAN

(By The Associated Press)
WASHINGTON, April 29.—Selection of John T. Adams of Iowa, vice-chairman of the Republican national committee, to succeed Postmaster General Hays as chairman, is expected by many Republican leaders in congress. The national committee meeting to elect a new chairman will be held early in June.

Committeemen, by custom, will be guided largely by the wishes of the president, it is presumed, an supporters of Mr. Adams' candidacy said Mr. Harding appeared to view the Iowa man with favor. Elmer Dower of Washington, also has been urged for the post, but Republican spokesmen said sentiment for Mr. Adams was gaining, due to his long service in the party organization.

Kansas City, April 29.—Instructions to lead any possible assistance to the authorities of Pike county in ascertaining the identity of members of the mob which lashed Roy Hammonds, negro, near Bowling Green, were sent to Attorney General Barrett late tonight by Governor Hyde.

DAVIS ABANDONS HOPE OF SETTLING PRINTERS DISPUTE

Employers Representatives Had No Authority To Sign Agreement

(By The Associated Press)
WASHINGTON, April 29.—Hope for a settlement by national agreement of disputes between printing trade unions and employers over wages and hours was abandoned today by Secretary Davis, after a series of separate conferences with both sides.

Union representatives left the city without having been requested to return. Lack of an organization of printing employers authorized to sign any national agreement was given by Mr. Davis as his reason for abandoning his attempt to replace the local agreements between the men and employers, which expire May 1.

Settlement of disputes is now in the hands of employers and local unions, the secretary said. Some have been settled by agreement on the part of the employers to recognize a 44-hour week, the main point at issue in most cases.

It was explained at the office of the American Federation of Labor today that other local agreements may be reached by the men agreeing to accept proportionate wage reductions upon the change from the 45 hour to the 44 hour week.

REDS SEND OUT RADICAL CIRCULARS

San Francisco, April 29.—Printed circulars urging the overthrow of all governmental institutions on May day and signed by the "United Communist labor party," distributed here today, caused the acting chief of police to order his men to prevent any demonstration.

THE RE-APPORTIONMENT
PLAN

The congressional district re-
apportionment proposed in this
state does not look attractive to
some men who are largely inter-
ested in Jacksonville and Morgan
county. Under this bill Pike and
Brown counties would be taken

from the district and replaced
with Macoupin and Logan coun-
ties. As it is now, Jacksonville is
easily the largest city in the
Twentieth district and is practi-
cally the central point.
The county has no relationship
with Logan, which is quite a dis-
tance to the northeast, and also
has no relationship with Macoupin,
except in the judicial district.
Merely from a party standpoint,
the district as now composed is
not all that can be desired, but the
proof of any betterment in condi-
tion by the proposed change is not
at hand.

A BUSINESS CHANCE

It is said that \$25,000 expend-
ed in equipment will be sufficient
to put a contractor into condition
to undertake hard road construc-
tion. There has been some dis-
cussion of the plan of having Mor-
gan county undertake some of this
work, in order to make it certain
that the hard roads program is
pushed in the county this year.
The amount of capital required is
not prohibitive and it certainly
seems that it should not be a dif-
ficult thing to organize a compa-
ny for the prosecution of contract-
ing work.

Certainly thru a period of years
there will be plenty of work in
this line and while contracting
is somewhat of a hazardous un-
dertaking, with the right man in
charge the business can be satis-
factorily conducted.

A well-managed company would
in all probability make a fair re-
turn on the investment and cer-
tainly it would be a fine thing for
the county to have a home com-
pany take on some of the work in
this county that the state has in
prospect.

WORK THE REAL
NECESSITY

There is nothing especially new
in the statement of Vice President
Coolidge that the panacea for
present conditions is work. People
quite generally are coming to re-
cognize that it is the great need of
the times and that means real
work—not the mere pretense.

But somehow the vice president
has the happy faculty of impress-
ing recognized truth in a most
forceful way, so people generally
will give some thought to his sen-
timent.

"The whole nation," he said,
"the whole nation, following out
his plan can advance the cause of
civilization. Under it there has
been a wider and wider distribu-
tion of property, a higher and
higher standard of education, a
deeper and deeper appreciation of
the obligation of self-sacrificing
example."

"There are readjustments to be
achieved. There are sacrifices to
be made. They cannot be evaded.
They cannot be made vicariously.
They must be made by all the peo-
ple. It is no time for bickering.
We must go back to work in ac-
cordance with the best standard

that the public can maintain, but
we must go back to work"

GERMANY CAN PAY

In just another 24 hours it will
be known whether or not Ger-
many has decided to meet the
terms laid down by the allied. And
here's a guess that the terms will
be accepted, if the German people
have finally come to understand
that there is to be no change in
the terms, no matter how much
they demur or side step. Occa-
sionally—fortunately, only occa-
sionally—one finds an American
who thinks the terms too severe
and that Germany really hasn't
the ability to pay the reparations
demanded. Here is what the Out-
look recently said on this subject:
"Of course the Germans say
they cannot pay. That was to have
been expected. What was not to
have been expected is that they
have been believed. Why can they
not pay? It is not as if they were
asked to do something that no-
body had ever done before. In
the eyes of the whole world, some-
body has already paid. That some-
body is France. It seems prepos-
terous for Germany to say that
she cannot do what France has al-
ready done. She can pay because
France has paid. It is not a new
burden which France is asking
Germany to bear; it is simply the
burden that France herself is al-
ready bearing. It is simply a
question of transferring the Ger-
man-made burden from the shoul-
ders of France to the shoulders of
Germany."

A PROJECT WORTHY
OF SUPPORT

Morgan county is to have a
fair next September and it will
be a real one if the association
is given the support that it de-
serves. The state of Illinois
agricultural department gives
aid to county fairs and all that
is needed to make a huge success
here in Jacksonville is a proper
understanding of the project, for
with that understanding the
necessary support will be given.
It is proposed to organize a stock
company.

The shares have been put at a
low figure and each share-holder
will be recompensed with tickets
besides having the knowledge
that he is boosting a home enter-
prise.

The men in charge of this
movement are thoroughly in earnest,
they understand the undertaking
and no doubt the statistics they
seek will be speedily forthcoming.

of the grades. It is with re-
gret that we lose Mr. Walters,
who has been at the head of the
school for the past two years and
has made good in every detail as
a school man and as superintendent
and principal.

His services in helping to se-
cure the community high have
been invaluable. His lessons of
fairness, and the high ideals he
has placed before his pupils are
things that time cannot efface.
His going from this field was not
for a money consideration but
because he wished to complete
his law course. The people of
Bluffs and community wish him
an abundance of success in his
new line of work.

plans were made for the enter-
tainment of the Illinois confer-

Dr. E. L. Pletcher presided and
the following committees were
appointed: D. V. Gowdy and G.
W. Randle on historical data and

Sayer, T. V. Hopper and Albert
Metcalf, and an entertainment
committee composed of E. G.

FARM BUREAU NOTES

Grain Marketing Bills

Unreasonable practices on the board of trade are injurious to both the farmer and consumer. We recognize that grain exchanges are a necessity and seek to preserve the good and prevent the evils in grain exchanges. The bills before the legislature at present provide that grain exchanges must:

1. Be licensed.

2. Establish reasonable rules, regulations and by-laws.

3. Admit all persons conforming to the approved regulations of the department of agriculture to the privilege of the exchange.

4. Maintain open and free competition.

If these bills are passed, the State Department of Agriculture will be charged with the enforcement of the act. It may inspect and examine grain exchanges and is vested with authority to enforce the law and to prevent unjust and unreasonable rules and practices. Commission merchants and brokers must also be licensed. Their licenses may be revoked for violations of the law.

Grain exchanges must keep such books and records as the department of agriculture requires, which books and records are open to the inspection of the department.

Grain exchanges must make reports to the department, which are open to public inspection.

Road Bills

These bills provide for a system of state highways. The system will be composed of:

1. State aid roads.

2. County constructed roads, known as Section 15 roads.

3. Bond issue roads, and

4. Federal aid roads.

The state will not assume control of the whole mileage at once, if these bills become a law. It will take over roads as rapidly as state finances permit prorated amongst the several counties. A road which forms a part of the system and is not taken over will remain under control of local authorities.

The Department of Public Work will construct, repair and maintain all highways taken over, either by its own employe or by contract. The patrol or gang system may be used. Local authorities, in their discretion, may cooperate with the state authorities and in their discretion may also levy additional taxes for such purposes.

These bills provide that all contracts for construction and for the purchase of material, exceeding \$1,000, must be let after advertisement. Standard guides and distance boards must be erected and maintained. Detours must be marked and maintained.

These bills will not conflict with any other road law and our market road approved by the farmers' organization.

NEWS OF THE SPORT WORLD

Notre Dame Athlete Establishes New Mark In 440 Yard Hurdles

PHILADELPHIA, April 29.—The establishing of a new world's record for the 440-yard hurdles by A. Desch of Notre Dame University, and the excellent all-around performance of Robert Legendre of Georgetown University in winning the pentathlon, were the outstanding features of the annual University of Pennsylvania relay carnival today.

The international atmosphere of the meet was furnished by the University of Paris team, which finished fourth in the sprint medley relay championship race.

Desch, a member of the United States Olympic team at Antwerp last summer, opened the two-day track and field games by soaring over the 2-1/2 foot hurdles in 53 4-5 seconds. His record race cut 2-5 of a second from the best previous time, made over the same course last season, when J. W. Watt of Cornell, was clocked in 54 1-5 seconds.

The race was a contest from the start between a trio of middle western hurdlers. Desch jumped into a lead almost as soon as the first hurdle was cleared and although Pittenger and Hill of Ohio State, pressed him hard, the Notre Dame hurdler drew away rapidly in the final stretch.

Legendre again demonstrated that he is one of the best all-around athletes by winning first place in the pentathlon from a class field, including Brutus Hamilton of the University of Missouri, 1920 champion, and E. L. Seadley of University of Kansas, intercollegiate champion.

Five events composed the pentathlon, the broad jump, javelin throw, 200-meter run, discus throw and the 1,600-meter run. Points were allotted to each man in the order in which he finished in each contest. Legendre was first, with the low score of 10 points, and Hamilton second, with 13.

The medley relay championships, which also featured the first day's program, were productive of some excellent team and individual running.

First place honors in the intercollegiate medley championship went to the Huntington High School quartet of Boston, which won with a trifling spare from the Cedar Rapids team. Huntington set a new record for the event of 4 minutes, 39 2-5 seconds.

The interscholastic sprint relay championship proved a popular victory for the University of Pennsylvania runners.

Earl Eby, the anchor man, sprinted into the lead near the close of the mile contest, after taking the pace from Lafayette and Princeton runners during the final half-mile relay.

The distance medley relay was a clean-cut victory for western runners. The University of Illinois, with the Iowa State team at its heels, won after a grueling struggle carried almost to the finish line.

The races were run under a leaden, drizzling sky, and after the first few events the rain slowed up both track and field to such an extent that record-breaking was out of the question.

Javelin throw (Pentathlon) won by W. Bartels, Pennsylvania, 168, - 1-4 inches. Second, A. Betzner, Delaware, 163 feet, 6 1-2 inches. Third, B. Hamilton, Missouri, 162 feet, 9 inches.

200 Metres Dash (Pentathlon)—Won by R. Legendre, Georgetown.

Tied for second and third, E. Bradley, University of Kansas, and W. Bartels, Pennsylvania. Time, 2:23 seconds.

American College Championship Sprint Medley Race—Won by University of Pennsylvania; Lafayette, second; Princeton, third; France, fourth. Time, 3:31 45.

Interscholastic Medley Relay Championship of America—Won by Huntington High School, Boston. Second, Cedar Rapids High School. Time, 4 minutes, 39 2-5 seconds.

Two Mile International Run—Won by R. Baker, Bates College. Second, C. C. Furness, Purdue. Time, 9 minutes 25 3-5 seconds.

Discus Throw (Pentathlon)—Won by R. Legendre, Georgetown; distance, 126 feet, 8 inches. Second, B. Hamilton, Missouri, 123 feet, 11 inches.

Pentathlon (final) Point Score, for five events—Broad jump, javelin throw, 200 metre run, discus throw and 1,600 metre run—Won by R. Legendre, Georgetown, 13 points.

Second, B. Hamilton, University of Missouri, 13 points.

American College Championship Two-Mile Medley—Won by University of Illinois. Second, Iowa State. Time, 10 minutes, 21 3-5 seconds.

Order running winning team, Donohue, Brown, Yates, Wharton.

Throwing 56-pound Weight—Won by G. Dandrow, Massachusetts Inst., 32 feet, 3 1-2 inches. Second, F. Skidmore, University of Pennsylvania.

city of the South, 30 feet, 7 1-2 inches.

300-yard hurdles (run as one heat)—Won by A. Desch, Notre Dame. Second, T. Pittenger, Ohio State. Time, 53 4-5 seconds.

HERE IS AN ENGLISH RACING STORY

Paris, April 28.—(By A. P.)—There was the usual morning crowd around the Engien Race track, a few mornings ago, watching the early workouts, when M. J. Hennessy's trainer, Batchelor, drove up to see some of his charges over the sticks. It had been raining steadily for two days and the track was soft and sloppy.

One of the best performers of the Batchelor stable was being pointed for a race at Auteuil the next Sunday and Batchelor was little impressed by his workout and so informed Jockey Mitchell when he returned, after sending the star two kilometers in the sloppy going.

"Why, I've got an 18-year-old nag here in these shafts that can trim yours," he told Mitchell. The jockey thought the boss was joking and said so.

"I'll bet you a good luncheon at Larue's that this old horse comes home ahead of you in three kilometers this morning," went on Batchelor.

"Easy money," replied Mitchell, "you're on."

Batchelor asked a colored apprentice to ride the hack horse and Mitchell said to the colored boy, "Be good."

"I'll meet you coming back." The old horse never let the saddle of the youngster get past his nose. Mitchell let out a notch or two, but the old horse hung on, the youngster winning by a half a length, "all out."

Mitchell was puzzled when he reached the paddock and asked, "Is that the devil?" pointing to the old horse.

"No," replied Batchelor, "that's Lateur III; he won't probably heard of him; he won the Grand National ten years ago. I've had him in training lately."

ARE YOU WEAK, NERVOUS?

Pekin, Ill.—"I have used Dr. Pierce's Favorite Prescription and the Golden Medical Discovery and consider them both the most helpful and strength-giving medicines I know of. When my children were coming into our home and I was in a weak and nervous condition, I used both the Favorite Prescription and the Golden Medical Discovery and realized benefit soon after I began taking them, both in body and spirit. I cannot speak too highly of Dr. Pierce's medicines to all who lack vitality and feel the need of a tonic."—MRS. MAUD A. COMMUNITY DINNER
AT UNION CHURCH

Pisgah People to Number of Two Hundred and Fifty Enjoyed Event—Result of Contest.

That was a great dinner that was served at Union Baptist church in Pisgah Friday night. More than 250 people sat down to enjoy the splendid menu. The dinner was served as the result of a Sunday school contest, which recently closed with a tie between the "reds" and the "blues." As a result the dinner was served at the joint expense of the teams, the "blues" being captained by Miss Lillian Mosely and the "reds" by Garfield Rogers.

Rev. L. H. Williams is the present pastor of the church, and A. A. Curry is the superintendent of the Sunday school. On the final day of the campaign the attendance was 255.

More people came to the dinner than were expected, but those in charge were equal to the emergency and the service was excellent. Sixty or more could be served at one time and as the others waited they joined in a community sing under the leadership of Homer Wood, who is the chorister of the church. This musical feature added not a little to the interest of an altogether happy occasion.

The committee in charge of the dinner included Mrs. A. A. Curry, Mrs. Charles Wood, Mrs. J. W. Bottom, Mrs. Maxey, Mrs. Carl Crum, Mrs. Edward Bingham, Mrs. Sample, Mrs. Becker, Mrs. Mollie Mosely, Mrs. William Cox, Mrs. Homer Wood and Miss Lillian Mosely.

The dining room was in charge of Mrs. Crum and Mrs. Homer Wood, who were assisted by 24 capable workers. There were also 24 in the kitchen, who kept things moving. The cake committee included Mrs. Clarence Smith, Mrs. May Ausmus, Mrs. McPherson and Mrs. Georgia Wood.

Mrs. Charles Wood had charge of the coffee and Albert Curry and Leonard Wood were the ice cream dispensers. Everybody worked with a fine spirit and the occasion was one which added largely to the Pisgah community interest.

SCHOOL CASE IN
COURT FROM MEREDOSIA

Quo Warranto Proceedings Brought to Test Election Result.

Quo warranto proceedings have been instituted in the circuit court here by citizens of Meredosia high school district No. 25, who charge that the directors of said district are usurping powers and are unlawfully holding office in the district. The bill was filed by Thompson & Thompson as attorneys for the complainants, and alleges that in the election of April 29, 1920 was illegal. They allege that the ballots used in said election were not properly stamped, and that the territory was not correctly outlined.

The bill charges that for a year or more past Henry Hinners, A. E. Ritscher and C. P. Hedrick have unlawfully held office on the school board and also that George Hyde and James Gallows have usurped similar offices in the past ten days. The claim is made that at the election referred to the ballots did not have printed on their backs the words, "Official Ballot," and further that the ballots did not bear a facsimile of the county superintendent of school's signature as is by law required.

The complainants in the petition are Frank J. Weber, Herman Stankle, Roy Burrus, William E. Korschner, John Belker, C. E. Rice, George C. Corcoran, Charles Schlicker, Edgar J. Burrus, H. H. Koegge, Guy Wilday, H. W. Korschner, Frank Zahn, Herman Belker, William C. Korschner and Edward Hansmeier.

ELKS WILL OPEN
NEW HOME SOONReception and Dance at Club
House Announced for May 11.

The first gathering of Elks in the new club house is scheduled for the night of May 11. An informal reception will be given and the celebration plans are of a kind to make the important event really memorable. After a brief business session at 7:30 will come the reception and closing with dancing. Dunlap's orchestra will furnish the music.

Comparatively few people have invaded the building since the interior decorations have been completed and it is certain they will be enthusiastic about the home that the Elks have erected. Exalted Ruler R. D. Moriarty some time since appointed the following committee to arrange for this first meeting: John W. Larson, Sherman Dorand, Dick Reynolds, F. E. Farrell, T. C. MacVicar, Clifford Alves, Marcy Osborne and Ernest Wilson.

ROTARIANS HEARD
SPLENDID ADDRESS

Rev. M. L. Pontius Gave Picture of the New Age—A Tribute to the Retiring President.

At the Rotary luncheon yesterday at the Pacific hotel, President Pontius made his retiring address. It was an occasion made notable by that address as Mr. Pontius, with the choice language of which few people are capable, pictured the ideals of service and told of the changes that he believed are now taking place in the world.

W. L. Fay, a charter member of the organization, presided during the luncheon, and in presenting the retiring president, paid him a tribute which voiced not only the feeling of the Rotarians for Mr. Pontius, but the opinion of countless other persons who have come into contact with the minister.

At the business session the annual reports of Earl Spink, secretary, and Frank J. Hehl, treasurer, were approved. The club was very much interested in the report by John Hackett, chairman of the finance committee of the boy's camp at Meredosia. This indicated an expenditure of something more than \$5,000 for building and plumbing, with less than \$500 still unpaid.

Barr Brown, speaking for the farm bureau, told something of the plans for Morgan county fair next September and suggested that this is a project in which Jacksonville and the whole county is generally interested and that hearty co-operation of the Rotary club should be given.

The members expressed approval of Mr. Brown's statement, but the matter was referred to the public affairs committee, with the request to report next Friday. The guests of the day were W. G. Goebel, E. L. Kendall and C. R. Stewart.

Mr. Fay, in presenting Mr. Pontius, said:

A Tribute to Mr. Pontius

"I am pleased to be called on to preside at this meeting, the last of the term of Mike Pontius, president of the Rotary club of Jacksonville. We have used the term 'Mike' through the life of this club as a term of endearment in addressing Rev. M. L. Pontius, our president. 'Mike' Pontius, while not abating or forgetting at any time his duty to his church, or his faith, has, by his broad Christianity and charity, so endeared himself to every member of this club as to be in fact as well as in name a leader in the 'service' of love for his fellowman. His leadership has been such as to inspire us all to nobler thoughts and aspirations and to greater zeal in all good work. He has been a true leader in work for the welfare of our boys and girls, work for the building of our city, of our schools, and has exemplified the word 'service' service to our God, our country and our city."

"Mike Pontius has been an inspiration to many who, like myself, have at times forgotten that admonition, 'do unto others' in all the affairs of this life. May the ruler who doeth all things well keep him in health and strength to enable him to continue the great work he has accomplished for our association, for the people, for the church he represents, above all the broad sympathy and understanding that has enabled him to be of 'service' to others, whether in the church fold or out of it. 'Mike' Pontius exerts an influence for good to all men with whom he comes in contact. The little word of lengthier introduction. We all know him, and we all love him. We all respect and admire 'Mike.'"

After expressing his keen appreciation of his relationship with the men of the Rotary organization, Mr. Pontius said: "In all great movements there first comes a period of agitation, which is followed by a period of education and then, later on, comes the great action which has been designed. That was true of slavery. In years away back, there came the thought to some men of the propriety of other men assuming the ownership of other human beings. They became agitators and the period of agitation progressed. I believe that conditions are no worse here than in other cities, but the tendencies are of a kind which demand our most earnest co-operation."

"Then the tuberculosis sanatorium, no matter what its troubles of the past have been, deserves our support, for there are 40 open cases awaiting its care. And lastly I speak of moral conditions, which demand our attention, especially with the younger generation. I believe that conditions are no worse here than in other cities, but the tendencies are of a kind which demand our most earnest co-operation."

Mr. Pontius closed by saying that he felt stronger because of his connection with the Rotary organization and that he would not surrender his knowledge of the spirit of confidence that Rotarians had manifested for all the wealth of Rockefeller.

be shown in life. The eye and the ear are of use only when the faculties of sight and hearing are linked with opportunity and so man functions only as he learns to serve and to be of use to his fellowman.

"It must be a function of Rotary in these coming years to assist in bringing about industrial peace. On my recent trip in traveling thru a factory country, it was a rare thing to see a smoking chimney. In one locality thousands of bushels of apples were rotting because they could not be profitably transported and in another community the same was true of potatoes."

These are but indications of the difficulties that must be settled, and certain it is that the industrial situation proves that there must be either an increase in production or a lowering of wages. The case of an Akron factory is a matter of record, where 1,200 men performed more labor than 2,000 had been before \$90 were discharged.

"It should be our pleasure to assist the American Legion in their program, for as we look upon the tottering veterans of the earlier wars, today we realize what we will think of the world-war ex-service men as the years go by."

"Then the tuberculosis sanatorium, no matter what its troubles of the past have been, deserves our support, for there are 40 open cases awaiting its care. And lastly I speak of moral conditions, which demand our attention, especially with the younger generation. I believe that conditions are no worse here than in other cities, but the tendencies are of a kind which demand our most earnest co-operation."

COUNTY TEACHERS
INSTITUTE CLOSSES

Fine Addresses Heard by Morgan County Teachers at Sessions of County Institute Which Closed Friday.

The Morgan County Teachers institute came to a close yesterday afternoon, the final address being made by W. E. Booth, assistant state superintendent of schools. Mr. Booth has been one of the instructors at the institute and his suggestions have been of great value to the teachers in attendance at the sessions.

At the opening session Thursday morning the address was made by H. A. Perrin, superintendent of schools, whose theme was "The Modern School." The speaker gave a most interesting outline of the growth and development of the public school from the early days to the present time. Another speaker was Prof. H. H. Schroeder of the school of administration of Normal university, who spoke on the subject "Grades and Grading." Prof. Schroeder was also a speaker at the afternoon intermediate grades section meeting. Mrs. Harriet Lander, teacher in the city schools, was in charge of the primary section during the institute.

Musical had an important part in the programs for the two days. Thursday morning a chorus of thirty girls from the David Prince Junior high school sang a group of songs from "Twilight Alley," the opera which is to be presented next Tuesday evening as a benefit for the Rotary club boys' club house at Meredosia.

Friday morning the pupils of the Jefferson school, taught by Miss Josephine Yeck, gave a group of songs, and the high school quartet furnished two numbers. The quartet includes Misses Ruth Reynolds, Clara Smith, Lois Harney and Eunice Haerle, with Miss Ruth Wilkinson as accompanist. Miss Clara Smith gave two piano selections as an encore.
